The Federation is a 501(c)3 non-profit organization based in Sandusky, Ohio, with chapters around the world. Built with the help of 'Star Trek' creator Gene Roddenberry, the organization is focused on helping those in need around the world in the hopes of helping usher in a brighter future for all.

For 40 years, The Federation has helped thousands of victims of natural disasters, homelessness, hunger and other challenges. All Federation members are volunteers. No one is paid for their work. We all do what we can because we believe a brighter future is possible.

We are offering a wide variety of sponsorship options and methods just right for your company. Monetary and in-kind donations at market value are welcome and get the same return on your investment.
